

KALAMAZOO COMMUNITY FOUNDATION

GEORGE L. DISBOROUGH TROUT UNLIMITED RESEARCH GRANT

Purpose and Sponsor

The George L. Disborough Trout Unlimited Research Grant was established by the Kalamazoo Valley Chapter of Trout Unlimited to recognize and support studies of trout habitat or other projects consistent with the goals and objectives of Trout Unlimited. KVCTU's goals are to preserve wild rivers, clean up polluted waters, maintain early warning Water Quality Surveillance programs, educate the public through workshops and seminars, and speak for the concerns of all anglers and conservationists.

Eligibility Criteria

The grant will be awarded based on the merit of the proposed project and not on the financial need of the applicant. The project must be consistent with the mission of Trout Unlimited, take place in North America, and the recipient must be a citizen of the United States and a graduate student at an accredited college or university.

Selection Criteria

The grant will be awarded based on the project location, subject, distinctiveness, and scientific method of implementation. Preference will be given to studies favoring resident stream salmonids rather than studies on anadromous fish. The written proposal, talents required to perform the project, the candidate's grade point average, and place of residence will also be considered.

Specifications of the Award

The value of the award is up to \$3,000. Normally, the grant will be for one year; however, it is possible that the grant may be renewed providing the applicant is able to demonstrate the merit of a renewal to the Advisory Committee and the Kalamazoo Community Foundation Board of Trustees.

Application and Award Procedures

Applications are available through the Kalamazoo Community Foundation, 402 East Michigan Avenue, Kalamazoo, MI 49007 and on the website at www.kalfound.org. The completed application must be attached via email to scholarships@kzcf.org or addressed to the Kalamazoo Community Foundation and postmarked no later than **March 1, 2025**.

The successful candidate will be notified in early spring and will receive the grant upon their return of a letter of acceptance for the award.

For Additional Information

For more information, contact the scholarships team at scholarships@kzcf.org or 269.381.4416.

KALAMAZOO VALLEY CHAPTER TROUT UNLIMITED

What

The mission of the Kalamazoo Valley Chapter of Trout Unlimited is to preserve, protect and enhance cold-water resources. The Chapter's goals are to preserve wild rivers, clean up polluted waters, maintain early warning Water Quality Surveillance programs, educate the public through workshops and seminars and speak for the concerns of all anglers and conservationists. In addition, members of Trout Unlimited monitor pollution and fight environmental abuse, work with state government agencies for better water resource management and work with congress and federal government agencies for the protection and wise management of America's fishing waters.

Who

The Kalamazoo Valley Chapter of Trout Unlimited currently boasts membership of more than 300. The National Trout Unlimited organization has a membership of more than 50,000 concerned conservationists.

Why

Many of the Kalamazoo Valley Chapter of Trout Unlimited's activities help to create more awareness of the coldwater fisheries resource. Member meetings, outings, fishing experiences for underprivileged children and boy scouts, as well as public appearances at local events all help to increase awareness of KVCTU'S ideals.
